JOHN F. KENNEDY

One of our most beloved presidents.

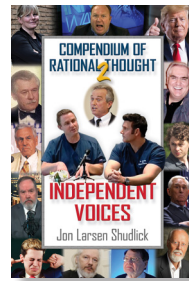

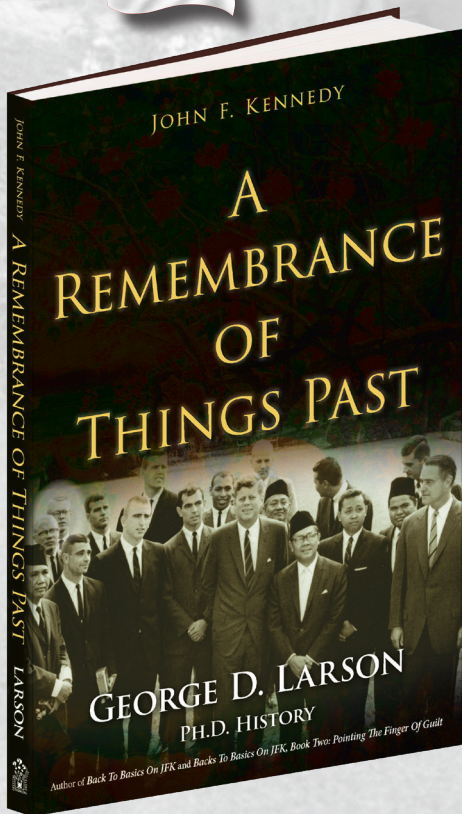

This book discusses President John F. Kennedy's relationship with two countries: Indonesia and Ireland.

First, author George D. Larson, shares a personal account of his service with the Peace Corps during the final months of President Kennedy's life; the group's historic visit with President Kennedy in the White House's Rose Garden; the impact of President Kennedy's assassination and the aftermath worldwide.

We then take a look at President Kennedy's whirlwind four-day visit to his ancestral homeland of Ireland as viewed through Ryan Tubridy's *JFK In Ireland*.

Compendium of Rational Thought

A most important aspect missing from our public educational system is teaching the concept of thinking critically (or critical thinking). Critical thinking means that you question what you hear and read. Critical teaching should teach "how" to think, not "what" to think. If you exercise your own ability to think critically, you'll appreciate the topics covered in the pages of this book.

**John F. Kennedy—
A Remembrance Of Things Past**

This book discusses President Kennedy’s relationship with two countries: Indonesia and Ireland. The author tries to convey the flavor of Kennedy’s relationship with President Sukarno and the Indonesian people. Kennedy’s death had profoundly negative consequences for the Indonesian people—as well as for the Vietnamese,

Cambodians and Laotians.

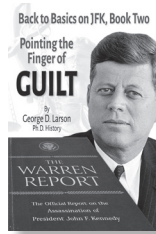

In June 1963 President Kennedy paid a four-day visit to Ireland, his family’s ancestral homeland. It was a deeply moving experience for both Kennedy and the Irish. This book covers the highlights of the visit as conveyed by Irish radio show host Ryan Tubridy. **\$35.00** plus \$4.00 S&H

Back To Basics On JFK

It was not only the cover-up by the Warren Commission Report which affirmed Lee Harvey Oswald as the lone assassin with Arlen Specter producing the “magic-bullet” theory that is so ludicrous; it was the cover-up of the cover-up that brings to life a bizarre conspiracy to destroy the possible 24 years of back-to-

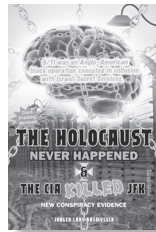

back-to-back Kennedy administrations. **\$8.99** plus \$4.00 S&H

**Back To Basics On JFK, Book Two:
Pointing The Finger Of Guilt**

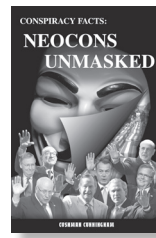

This book is a compendium of the most important research to date on the assassination of President John F. Kennedy. It examines the roles played by the CIA, FBI, Mossad, MI6, the Meyer Lansky crime syndicate—and the Warren Commission.

It is of paramount importance to bring the truth about the murder of President Kennedy to the American people—not only to serve justice to the Kennedy family—but also, and most important, to stop the runaway train to The New World Order dead in its tracks. **\$35.00** plus \$4.00 S&H

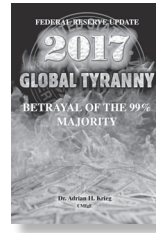

**The Holocaust Never Happened &
The CIA Killed JFK**

The critical information available in this book destroys the hoax of the 6 million Jewish victims of Nazi Germany and exposes the enormous cover-up involved in the Warren Commission Report on the assassination of the 35th President of the United States, John F. Kennedy. This volume confirms the involvement of hundreds of individuals and several government agencies in the assassination. The 95+ selective photos and illustrations visually enrich the stories. **\$14.99** plus \$4.00 S&H

The Secret Empire—Part I

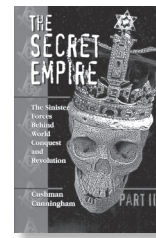

It exists...and it is an Empire...the only Empire. And secret? Its greatest secret is that it really does exist—and very few have ever known about it. Until now . . .

Most Americans are angry that we were deceived into the Iraq war. But most Americans are not aware that the same hidden powers which lured us into this war have tricked us into at least half a dozen other wars going back to our own bloody Civil War and beyond. This same hidden power has stolen our industry, our banking, our press and our media and in fact controls our entire economy. **\$24.75** plus \$4.00 S&H

“Knowledge is power.

The Secret Empire—Part II

The Secret Empire Part II tells how we all have been deceived time and again—how this Secret Empire murdered Jack Kennedy and fabricated Watergate to destroy Richard Nixon—and just who is really behind it all.

But, most importantly, it tells us what we can do, what we must do, to free ourselves from this bloodthirsty Secret Empire. **\$24.75** plus \$4.00 S&H
